

# FLORIDA'S GARDEN OF GOOD & EVIL

Memories of the 18th Annual  
Florida Native Plant Society Spring Conference  
held jointly with the Florida Exotic Pest Plant Council  
June 3-7, 1998 in Palm Beach Gardens

Clockwise from lower left: FNPS members look over a coastal planting at the beach, Conradina Chapter President Martha Stewart edges in for a better photograph, Conference Chair Mike Bodle gets ready to run to the next presentation, FNPS folks line up for great chow (that mahi mahi!), then leave clean plates on the table, David Hall leads the faithful out of the marsh on his famous afternoon-long plant identification workshop, and center, above, the ever-popular plant sale by the pool. Thanks to Juan Fernandez, Betty Wargo, and Martha Stewart for photos.

**Thanks, Palm Beach Chapter, for a great conference!**
